SENIORS ADULTS LEUKEMIA POSITIVE SPECIAL NEEDS CATS

MOTHER CAT WITH KITTENS ON THE WAY (could be in your home between 8-12 weeks. Are you able to foster for that length of time? YES NO

KITTENS ONLY (no mom) NEWBORN 4-12 WEEKS 3-7 MONTHS 8-12 MONTHS

PLEASE NOTE Kittens require more hands on care than most cats. They need a lot more socializing so they are ready to adopt, and in case of motherless newborns they will require 24 hour care for feedings.

Many of our cats have been neglected or abandoned and need human contact and attention to feel safe again. Are you able to commit the required time to a cat fostered by you? YES NO

Bringing a new cat into your home can be hard on the family pets. Therefore, it is important to have a separate area or room to keep the fosters in until everyone is settled. Mother cats can be very protective of their kittens and can view other pets in the house as a danger or threat. We recommend giving mother cats 24 hours to adjust to the new surroundings before she and her kittens are introduced to your family.

Do you have a separate area or room? YES NO

Are you willing to accept all responsibility for the well being of any pets or occupants of your home? YES NO

Are you willing to accept all responsibility for any damage incurred to your property while fostering? YES NO

Are you willing & able to transport your fosters to any veterinarian appointments or adoption events? YES NO

All food, litter, blankets, kennels, & medication are provided by the **WHISKER RESCUE** society. If an illness should arise, you must contact the foster coordinator and further instructions will be given to you if veterinary care is required. At any point you are no longer willing or able to continue caring for any fosters, PLEASE remember the cat must be returned to **WHISKER RESCUE**.

All Foster Home Applicants Must Participate in a Home Inspection Before Fostering!
